

Notification – St Marys

St Marys Station footbridge

December 2023 and January 2024

Transport for NSW is delivering a new footbridge and pedestrian plaza at St Marys Station as part of the Sydney Metro – Western Sydney Airport project.

Work will continue over the next two months with site investigations and establishment in the Harris Street work area for the new station footbridge.

Standard work hours are **7am to 6pm, Monday to Friday** and **8am to 1pm, Saturday**.

The project will take a break from **Thursday 21 December 2023 to Sunday 7 January 2024**. Construction will resume on **Monday 8 January 2024**.

What work are we doing in December and January?

- Utility investigations on Harris Street, station platforms within the rail corridor and in the vicinity of the multi-storey commuter car park
- Fencing, removing light poles and setting up work areas in Harris Street
- Removing trees and vegetation
- Removing spoil from Hobart Street and Harris Street work areas

When and where we'll be working

We'll be working on station platforms, in the area between the rail corridor and the Harris Street multi-storey commuter car park and some parts of the car park.

Three laydown areas within the rail corridor, accessed from Hobart Street near Australia Street and Terminal Access Road, will be used to store construction materials and equipment.

Most of the St Marys Station footbridge site investigation work will be done during standard construction hours.

What to expect

- Workers and vehicles
- Traffic controllers and signage
- Noise and vibration from machinery and equipment

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This site compound is designed to minimise impact.

This includes:

- Fencing for safety and security
- Reducing our noise as much as possible
- Traffic control to help manage construction vehicles entering and leaving our site

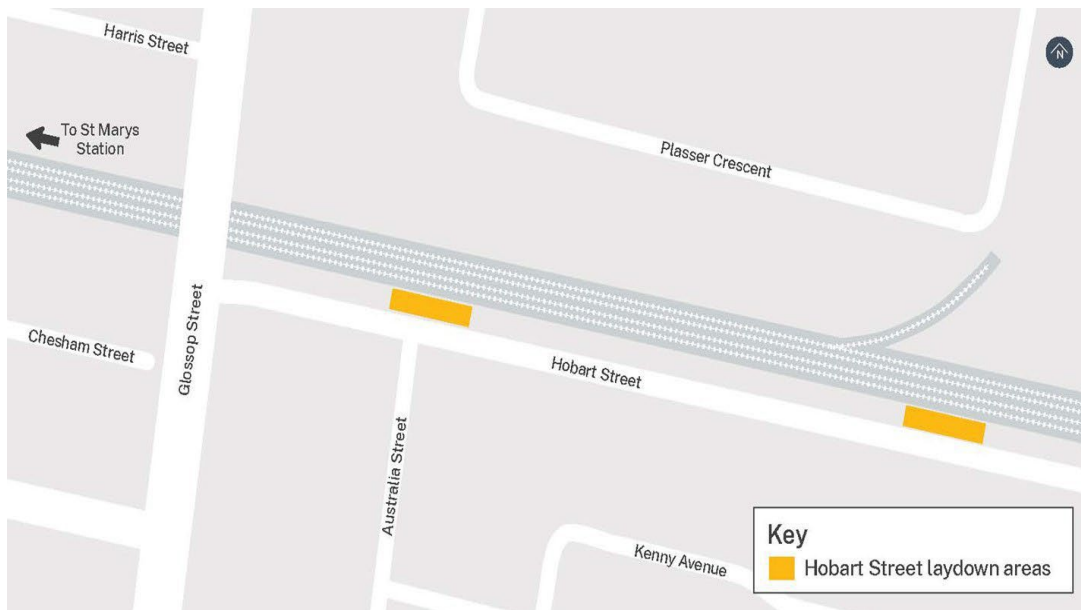

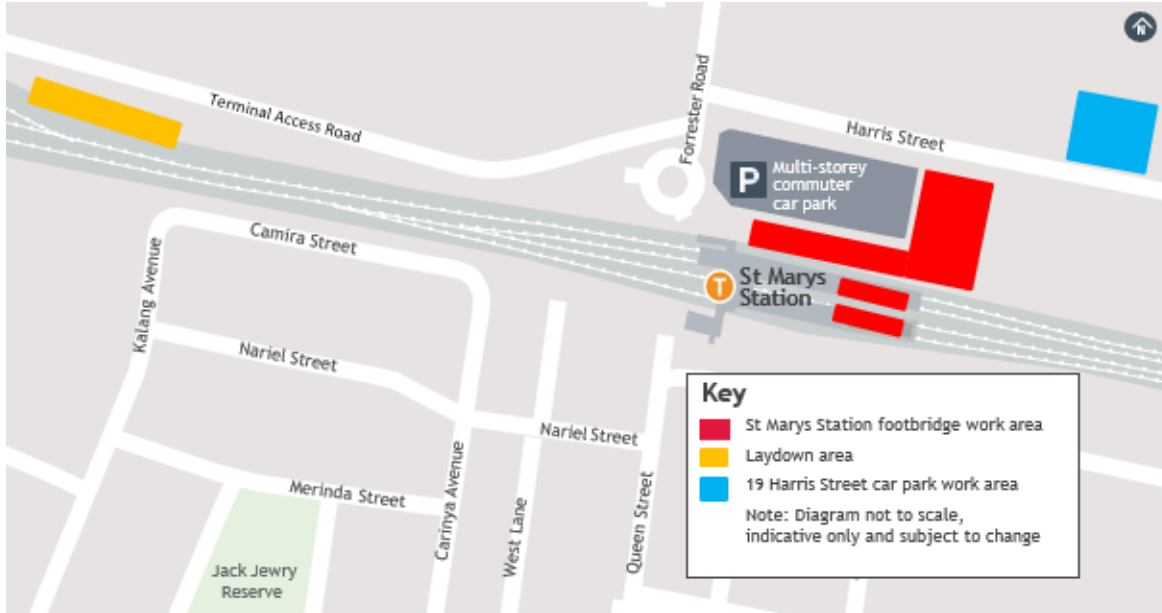

Equipment used

Equipment to be used includes drill rigs, demolition saw, excavators, saw cutters, plate compactors, dump trucks, front end loaders, vacuum trucks, semi-trailers and rigid trucks, concrete truck, scissor and knuckle booms, mobile crane, light towers, power tools, survey equipment and hand tools.

Out-of-hours work four-month lookahead:

Activity	Timing (Sydney Trains trackwork weekend)
Utility relocation, piling, platform hoarding installation, crane setup and removal.	1am Saturday 16 March 2024 – 1am Monday 18 March 2024
