

Notification – Orchard Hills

Station Boxes and Tunnelling

8 January 2024

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors Ghella (CPBG) are completing the station boxes and tunnelling works for Sydney Metro – Western Sydney Airport.

Out-of-hours work

Essential work to repair the road surface will be carried out at Kent Road, between Kent Road M4 westbound off ramp and Lansdowne Road. Please see the map overleaf for the work location. The work will be carried out on **two night shifts 8pm to 5am** between **Monday 15 January** and **Friday 19 January 2024**, weather and site conditions permitting.

What to expect:

- Work activities will generate noise and vibration impacts. Mitigation measures will be in place to minimise these impacts including noise and vibration monitoring.
- Increased personnel and vehicle movements in and around the work area.

Equipment used:

Equipment includes but not limited to excavator, road saw, vibrating drum roller, compacter, vibratory plates, heavy vehicles and manual hand tools.

Changes to traffic, pedestrian and cyclist routes:

During the work, traffic control and signage will be in place to assist motorists, pedestrians, and cyclists with any changes to traffic conditions. This may include intermittent lane closures and stop-slow traffic control. The times of these changes will vary and are dependent on road authority approvals. Access to driveways and buildings will be maintained at all times.

Feedback

We invite your feedback on appropriate respite periods or mitigation measures that may be required to your specific circumstances. Contact your local Place Manager, Michelle to discuss your preferences or to be added to the distribution list to review these updates via email.

CPBG's Community Communications Strategy is available online at www.cpbcontractors.cc/SBTstrategy. Contact us to provide feedback on this plan.
